

For those who know

GUARANTEE GOLD GUARD

For those who know that nothing is more valuable than their family's safety.

GUARANTEE GOLD® Guard was created for clients who may be exposed to a unique set of risks. While a home insurance policy offers some protection, it may not be sufficient for expenses related to specific threats. GUARANTEE GOLD Guard is an affordable coverage option that goes beyond a homeowner policy to protect customers and their families.

Covering the Unthinkable:

GOLD provides coverage for a variety of expenses related to air rage, carjacking, child abduction, hijacking, home invasions, road rage, stalking threats and more. The policy provides financial help and support to aid recovery and help prevent recurrence. If any of these events leads to a loss of life or injury, GOLD can cover up to \$250,000 for covered individuals.

Identity Fraud Expenses:

We offer up to \$50,000 for identity fraud and investigation expenses related to fraudulent real estate transactions. These fraud expenses supplement extensions on your homeowner policy and cover bank fees, land transfer tax and expenses related to investigating fraudulent home ownership.

Car Jacking Coverage:

Our carjacking coverage is one of the broadest in the industry. If you or a covered family member operates your vehicle when the event occurs, we will cover expenses related to bodily injury, trauma, lost wages, your insurance deductible and reward.

Among expenses that are covered:

Under GUARANTEE GOLD Guard, the following could apply:

- Medical expenses
- Psychiatric services
- Rest and recuperation expenses
- Salary lost
- Residential security expenses
- Professional security consultant and guard services
- Temporary relocation
- Homeowners' or covered vehicle's deductible

Home Invasion Coverage:

We offer up to \$250,000 to help contribute to the medical, security and other expenses associated with overcoming the effects of this event.

Stalking Threat Coverage:

GUARANTEE GOLD Guard covers necessary security measures you take to protect your family and prevent recurrence. Expenses may include security consultations, recommended upgrades, security guard services and temporary relocation if necessary.

Home and Car Modification Expenses:

If you or a family member suffers permanent injury as a result of a covered GUARANTEE GOLD Guard loss, and modifying your home or vehicle for use or accessibility is required, we offer up to \$25,000 for related expenses.

Child Abduction:

In the event that ransom is paid for an abducted child under the age of thirteen, we cover expenses including travel costs and various medical fees.

Unsurpassed Claim Handling:

- GUARANTEE GOLD claim professionals take the time to listen and learn about the things most important to you and act upon them 24/7.
